

2 Bowl Slush Machine

I Luv Slush Fast Freeze has a performance that is unique to its sector. It allows you to produce and dispense products such as slush and alcohol-based products, significantly reducing waiting time with low energy consumption.

With an exclusive design that uses a very high-performance cooling system, I Luv Slush Fast Freeze is the fastest slush machine on the market with amazing performance even in conditions of extreme temperature.

- **Easy to use, clean and maintain**
- **Electromechanical system** which makes the machine reliable at any temperature
- **Waiting times reduced** to the minimum even in extreme conditions
- **Low power consumption** thanks to the chosen design
- **Patented LED lighting system** in the back of the tank that highlights the product and illuminates the cover.
- Protection of the switches through the **side door**
- **Night-mode operation** which allows storage of the product with very low energy consumption
- The machine has various **approvals**, among which: CEE, NSF, UL, CSA, GHOST, SASO

Specifications:

- **Minimum ventilation requirements:**
 - Leave a minimum of 40cm around the perimeter of the machine.
 - Leave a minimum of 30cm around the upper part of the machine.
- Capacity: 2 x 10
- Cooling system: Aria-air
- Refrigerating gas: R 452A
- Power: 1100 watt
- Weight: 53 kg
- Gross weight: 55 kg
- Dimensions: W - 430mm x D - 480mm x H - 840mm
